

The Rules About the Courses FIZ 101E and FIZ 102E

- There are almost 10 questions from the textbook for each chapter, which are determined and announced in the web page of Havuz Dersleri (<https://www.fizik.itu.edu.tr/physics-10x/>). These are not assigned for homework but for your self-study.
- The attendance to the lectures are determined through the regulations of the University and you are expected to attend the lectures.
- There are two midterms in the 2017-2018 Fall term and its contribution to your total point is 60/100 (30 + 30).
- To get the right of taking the final exam, you have to get at least 20/60 from the two midterms.

Announcement relate to the exams:

- Duration of the exams is two (2) hour.
- Students won't be allowed to admit the exam after fifteen (15) min. Students may leave the class after forty (40) min after the exam has begun.
- Notes, books, dictionaries and calculator are not allowed.
- The information about your exam building and room will be announced at <http://www.fizik.itu.edu.tr/physics-10x/sisfiz/> two or three days before the exam dates.
- **It is forbidden to bring mobile phones into classrooms. If any phone is detected during exam, its owners' exam will be cancelled regardless of any cheating attempt proof.**
